

## SCHOOL AGE CLASS INFORMATION

**Petite Academy recognizes the growing physical, intellectual, and social competence of the increasingly independent school-age child. Eager to achieve socially and academically while expanding their knowledge of the world, 6- to 12-year olds seek new challenges, close friendships, and increasing responsibilities.**

At this stage of childhood education, children want to discover who they are and to pursue their own interests. Our after school program is there to encourage your child's desire for new challenges and opportunities that celebrate their expanding world.

Your child will love participating in our high-quality school-age program, whether your need for care is before and after school hours, elementary school holidays or early dismissal days. Our before and after-school care program balances time to learn with time to play with friends, and finishing homework with sports and other physical activities. These programs are available for school-age children to bridge the time between school and a parent's work schedule, as well as to provide full-time child care during school breaks and summer vacation.

We recognize that your child is unique and is seeking to develop a sense of themselves—what they can do, who they are, how others see them, and how they fit into the world. Our programs take into account the differing needs of children ranging in age from six to twelve years of age to ensure that they successfully find their place. Our teachers carefully plan lessons and activities to support the interest of each child, whether it is technology, sports, art, quiet reading, organized games, cooking or science.

Our fun and educational programs are designed with you in mind and are aligned with school calendars and are available during some holidays, teacher in-service days and other school breaks.

We want to help keep your child healthy, happy and engaged. To balance out the academic portion of your school-age child's day, our programs build in plenty of time for outdoor recreation and fun. We can lend a hand with homework and encourage good study and learning habits. In a relaxed and encouraging environment, your school-age student will be provided with assistance by our caring and trained staff.

**Drop off as early as 6:30am  
Pickup as late as 6:00pm**
